Registration Form for Examiners for Examining a Ph.D. Candidacy

Student's personal details:

First name: _____ Last name: _____

Research topic: _____

Check in the appropriate boxes A concise description of the research proposal is attached
 The research topic is in the field of computer studies

Please note:

- The external examiner must be a professional expert in the field of the research topic who is not related to the candidate and is not the candidate's direct appointee or subordinate.
- The external examiner must be affiliated outside the Technion (in accordance with the Faculty procedure).
- The external examiner must be independent of the supervisor(s) (i.e., not from the same institution, without joint research/grants/papers/students etc. from recent years, without family, romantic, financial, etc. ties) and independent of the student (all of the above, and also without connection to the student's workplace, if any). A dependency relationship is any relationship that may bias the examiner's judgment, such as an academic relationship (supervisor/former supervisor of the supervisor, joint research or grant, joint publications, etc.), professional (the student's supervisor at work, etc.), personal (financial, romantic, etc.), and so on. Relationships that are not personal will normally be considered expired after 3-5 years. Exceptions will be discussed individually, depending on the case.
- At least one of the examiners must be of equal or superior rank to the supervisor.
- All examiners must be at senior lecturer rank or above, or at an equivalent rank in the research faculty, or other experts in the research field at a suitable level.
- Please note internal and external supplementary examiners and detail the considerations for prioritizing the examiners as necessary. The final selection will be made by the Certification Studies Committee.
- Please complete all the details for the proposed examiners.
