Registration Form for Examiners for a Ph.D. Examination

Student's personal details:

First name: _____ Last name: _____

Research topic: _____

Check in the appropriate boxes The student has begun / is ready to begin writing the thesis
 The student has given a seminar lecture The lecture will be given on _____
 The research topic is in the field of computer studies

Please note:

- The external examiner must be a professional expert in the field of the research topic who is not related to the candidate and is not the candidate's direct appointee or subordinate.
- The external examiner must be affiliated outside the Technion.
- The external examiner must be independent of the supervisor(s) (i.e., not from the same institution, without joint research/grants/papers/students etc. from recent years, without family, romantic, financial, etc. ties) and independent of the student (all of the above, and also without connection to the student's workplace, if any). A dependency relationship is any relationship that may bias the examiner's judgment, such as an academic relationship (supervisor/former supervisor of the supervisor, joint research or grant, joint publications, etc.), professional (the student's supervisor at work, etc.), personal (financial, romantic, etc.), and so on. Relationships that are not personal will normally be considered expired after 3-5 years. Exceptions will be discussed individually, depending on the case.
- At least one of the examiners must be of equal or superior rank to the supervisor..
- At least one of the examiners participated at the student's candidacy exam.
- Please note internal and external supplementary examiners and detail the considerations for prioritizing the examiners as necessary.
The final selection will be made by the Certification Studies Committee.
- Please complete all the details for the proposed examiners.
